

SG GLOB COAT

Fiber-Reinforced Elastomeric Waterproof Coating

SG Glob Coat is a high-performance, fiber-reinforced elastomeric waterproof coating designed for waterproofing and damp-proofing applications. This ready-to-use liquid coating provides excellent crack-bridging ability, superior adhesion, and long-lasting protection against moisture and corrosion.

Usage Details

Application Area	Usage Context	Substrates	Coverage	Packing Sizes	Colour
Basements	Waterproofing	Concrete Surfaces	3.0-3.5 m ² /Ltr. (2 Coats)	1 Ltr.	White
Floors	Damp Proofing	Floors	2 Coats	4 Ltr.	
Walls	Crack Bridging	Walls	Approximate*	10 Ltr.	
Bunds	Anti-Carbonation	Bunds		20 Ltr.	
Silage & Sewage Tanks	Protective Coating	Water Retaining Structures		Plastic Bucket
