

SG ACRYLIC TRANSPARENT

High Solid Styrene Acrylic Waterproof Coating

SG Acrylic Transparent is a high-solid styrene acrylic co-polymer liquid formulated with fine particle technology. It provides excellent transparent waterproofing for concrete and mosaic tile surfaces while improving durability, bonding strength, and resistance against water and alkalis.

■ Usage Details ■

Application Area	Usage Context	Substrates	Coverage	Packing Sizes	Colour
Concrete Surfaces	Transparent Waterproofing	Concrete	60-80 Sq.Ft./Ltr.*	1 Ltr.	Transparent
Mosaic Tiles	Surface Protection	Mosaic Tiles	Approximate	10 Ltr.	
Exterior Surfaces	Water Repellent Coating	Masonry Plaster		20 Ltr.	
Bunds					
Silage & Sewage Tanks					

■ Technical Details ■

Conforms To	Physical Form	Bonding	Water Resistance	Coverage	Packing
IS 9103 & IS 2645:2003	Styrene Acrylic Co-Polymer Liquid	Excellent	Excellent	60-80 Sq.Ft./Ltr.	1, 4, 10 & 20 Ltr.
